PROFILE

Video editor and producer with 15+ years creating narrative-driven content for national advocacy organizations, political campaigns, and broadcast television. Experienced in editing, motion graphics, scripting, storyboarding, and finishing, with a record of leading multimedia teams and turning complex reporting into compelling visual stories under tight deadlines.

EXPERIENCE

Contract Video Editor | Kepferle Productions and Foundation Blue Media

September 2026–Present | Contracts scheduled through October 2026

- Edit broadcast television ads for Kepferle Productions and digital campaign ads for Foundation Blue Media, shaping footage into concise, persuasive stories.
- Current work includes high-profile campaigns for Peggy Flanagan, Amy Klobuchar, John Hickenlooper, and Jeanne Shaheen.
- Manage concurrent edits and rapid client revisions to deliver campaign advertising on tight election-cycle deadlines.

Executive Producer, Multimedia / Senior Video Editor | Media Matters for America

2016–June 2026

- Led editing and motion graphics for a two- to five-person multimedia team, setting priorities, reviewing work, and delivering daily content on breaking-news deadlines.
- Produced the organization's primary donor video, nationally televised original content, and video evidence entered in the Alex Jones defamation trial.
- Partnered with researchers, writers, and senior leadership to translate complex reporting into clear, compelling visual stories.

Video Producer | Media Matters for America

2013–2016

- Produced investigative and breaking-news videos for digital campaigns and social distribution; edited, scripted, and created motion graphics for rapid-response content.

Contract Video Producer and Motion Graphics Designer | Lamson Media

2012–2015

- Produced and edited broadcast and digital ads for national and state political campaigns under compressed deadlines.

Motion Graphics Artist and Producer | Half Yard Productions

2010–2012

- Created animated maps, titles, and explainers for History and Discovery programming, including How the States Got Their Shapes and Modern Marvels.
